“People think I’m crazy to put myself through such torture, though I would argue otherwise. Somewhere along the line, we seem to have confused comfort with happiness. Dostoyevsky had it right: ‘Suffering is the sole origin of consciousness.’ Never are my senses more engaged than when the pain sets in. There is magic in misery. Just ask any runner.” – Dean Karnazes

The KEY workout to get faster for endurance runners has always been the TEMPO run. It is often misunderstood, it is fluid in its pace, and it is ALWAYS uncomfortable. Speak to me about making the most of your last 2-3 months of training to get ready for your Spring Marathon/ Half Marathon. We will make changes to some of your runs for this.
